

ATG|vfax

ATG|vfax is a complete fax-to-email solution for any size organization. By utilizing our easy to use online portal you can send and receive faxes from any internet connection on the planet.

A real fax number

An ATG|vfax number is a real fax number. ATG|vfax offers toll free and local fax numbers.

Easy as email

ATG|vfax requires no hardware. All you need is Internet access, an email address, and an ATG|vfax account.

Never miss another fax

ATG|vfax goes where you go. Your ATG|vfax number is tied to your email, so you can fax from home, work and while traveling - anywhere you access the Internet.

Real savings

ATG|vfax eliminates the need for a fax machine, fax supplies (paper, ink, toner), a separate phone line for faxing, and costly maintenance. It saves you money.

Start faxing now

Choose your plan, pick your number, and you're done! Your fax number is ready to use as soon as you order.

ATG offers customers with products, services and a vast selection of new communications capabilities. ATG|voice provides a quality voice product by utilizing the infrastructure and services of major telecommunication carriers. ATG is one of the few carrier class VoIP providers, which enables call clarity, reliability and affordable services.
